AB Parish council wishes to object to this retrospective application because:The site is rural and adjacent to Dunstall Brook. The proposal will interfere with crepuscular wildlife known to be present in the area such as insects, owls, badgers, hedgehogs and swifts.The floodlighting could also create a nuisance for neighbouring properties to the east, and to motorists coming round the bend in Radmore Lane. The developers have not conformed to Planning Condition 15 which states all soil & vent pipes, and electric/gas meter boxes should be located inside the buildings in order to safeguard the appearance of the locality. The electric & gas boxes have been mounted on outside walls. We suggest a sensible compromise would be to allow the service boxes to be flush-mounted at ground level.		Aug-24
